FRANCIS HILLARD
STATE TAX COMMISSIONER

October 8, 1974

The Honorable Stanley K. Hathaway
Governor of the State of Wyoming
State Capitol Building
Cheyenne, Wyoming 82002

Dear Governor Hathaway:

In compliance with Section 9-21, Chapter 215, Session Laws of Wyoming, 1973, and instructions and format furnished by the Department of Administration and Fiscal Control, The Department of Revenue and Taxation presents its annual report covering fiscal year 1974.

Respectfully submitted,

A handwritten signature in cursive script that reads "Francis Hillard".

FRANCIS HILLARD
State Tax Commissioner

INTRODUCTION

A. OVERALL OBJECTIVES OR MISSION

The Department of Revenue and Taxation is created within the Executive Branch of State Government. Its mission and objective is to consolidate the various functions and duties relating to revenue and taxation in Wyoming into a single department, to integrate tax administration and centralize revenue administration for the purposes of improving the administration of revenue in Wyoming, and to effectuate modern and uniform procedures.

It is the mission of the State Tax Commissioner, as executive and administrative head of The Department of Revenue and Taxation, to render helpful and friendly service in all areas of our transactions with the public, and at the same time to administer all taxes in a firm and fair manner. This can only be accomplished through selective recruiting of personnel and continuing training programs.

The Department maintains a continuing training program for personnel. A training and schooling program for appraisers in the Ad Valorem Tax Division is an ongoing program. Auditors in the Excise Tax Division are being schooled and trained constantly. The Motor Vehicle Division has a continuous training program, especially in the area of drivers license examiners.

It is the objective of the Ad Valorem Tax Division of The Department to better equalize the property tax. Much improvement in its administration has been made during the past ten years at the State level, but much is still to be done in order to equalize the tax burden. Reappraisal programs have been completed on all railroad property, mineral production, pipelines and some industrial property. An ongoing program is the reappraisal of all buildings in the State, which is a tremendously time-consuming task.

ANNUAL REPORT OF THE DEPARTMENT OF REVENUE AND TAXATION

STATE OF WYOMING

FISCAL YEAR 1974

TAXES

The following pages contain descriptions of those taxes which are administered by The Department of Revenue and Taxation. We also have included a summary chart of tax receipts.

We wish to call your attention to that portion of the appendix dealing with the distribution of taxes collected. These reports indicate the amounts distributed to the State General Fund, and distribution of taxes collected by the State which are redistributed to local jurisdictions.

STATISTICAL SUMMARIES

The information contained in these reports reflects the activity of the Department of Revenue and Taxation in the previous bienniums in addition to the 1974 fiscal year.

Additional statistical data may be obtained from the agency upon request. These are as follows:

SALES AND USE TAX DIVISION:

Summary comparison of collections of current period to like period of previous fiscal year - comparison made by month, three months, six months and twelve months.

Summary comparison of collections by county by fiscal year.

CIGARETTE TAX:

Monthly comparison of sales of cigarette stamps and meter impressions.

MOTOR VEHICLE DIVISION:

Year end statistical report of licensed drivers. The report is formatted by age of the drivers and contains the type of licenses issued by age, the number of new licenses, the number of renewals of Wyoming drivers licenses, the number of duplicate licenses and the restrictions placed on each license.

Year end statistical report of licensed vehicles by type (passenger car, pickup, truck, motorcycle) as registered in each county.

Year end statistical report of commercial vehicles including the total reported mileage in Wyoming, the tax collected by weight of vehicles.

AD VALOREM TAX DIVISION:

Annual report of the Ad Valorem Tax Division.

TAXES

The following pages contain the description of those taxes which are administered by The Department of Revenue and Taxation.

SALES TAX. On July 1, 1967, the sales and use tax rate increased from 2½% to 3%. The ½% option sales tax authorized to electing municipalities in 1965 was repealed by the 1967 Legislature, and a provision in the law allowed for the ½% distribution of sales tax to all incorporated municipalities on the basis of percent population in the county of collection.

OPTION SALES TAX. As a result of the amendment to Section 39-288 by the 1973 Session of the Legislature, authorizing counties to impose an option sales tax if approved by a majority of its electors, two counties, Teton and Sweetwater, have adopted an additional 1% sales tax which provides them with additional general fund revenue. As more demands are made on local governments to provide expanded service to their increasing population in areas of rapid industrial growth, we can reasonably expect other counties to adopt the option tax as a means to defray their increased costs.

The revision to the sales tax law in 1967 also broadened the tax base to include certain specified services. A few of the principal services subject to tax are:

- Hotel and motel room rentals.
- Admissions to movies and places of amusement.
- Telephone and telegraph services - intrastate.
- Laundry and dry cleaning.
- Contract seismograph surveying.
- Contract geophysical surveying or geophysical exploration operations sub-contract, contract coring, logging, testing, stimulating, perforating, cementing, completing, recompleting or attempt to complete or recomplete, repairing, equipping for production or abandonment of any well for the production of oil and gas or either.

Some of the principal deductions and exemptions are:

- Sales for resale.
- Sales to political subdivisions.
- Sales to religious, charitable or eleemosynary institutions.
- Sales to out of state customers and shipped by interstate commerce.
- Sales of gasoline and cigarettes.

The vendors file returns and pay taxes on a monthly or quarterly basis, depending on the amount of tax owed for a given period. There are presently 12,490 firms filing monthly returns and 3,296 firms filing quarterly. Of the 12,490 firms filing monthly, there are 295 reporting on 1,458 separate locations.

Sales Tax Collections by Fiscal Year:

1968 Revenue	\$ 22,043,089.12
1969 Revenue	25,560,997.73
1970 Revenue	27,082,364.17
1971 Revenue	29,220,062.07
1972 Revenue	32,613,748.23
1973 Revenue	37,810,278.98
1974 Revenue	45,868,467.76

The use tax complements the sales tax and is imposed on property brought into Wyoming from another State, and therefore not subject to Wyoming sales tax. This prevents a person from avoiding sales tax by purchasing property outside Wyoming.

Use Tax Collections by Fiscal Year:

1968 Revenue	\$ 3,221,327.41
1969 Revenue	3,916,571.07
1970 Revenue	3,885,084.33
1971 Revenue	4,855,365.01
1972 Revenue	4,946,362.02
1973 Revenue	6,354,008.39
1974 Revenue	9,010,915.15

The considerable increase in use tax collections over the last four years is attributed principally to the following major projects in the State:

- Trona mining and production in Sweetwater County.
- Uranium mill construction in Converse, Fremont and Carbon Counties.
- Oil and coal exploration and production in Campbell County.
- Jim Bridger Plant construction in Sweetwater County.
- Utah Power & Light Plant construction in Lincoln County.
- Dave Johnson Plant expansion in Converse County.

The overwhelming national demand for more sources of energy will generate considerable development of Wyoming's coal deposits, and eventually our oil shale reserves.

This industrial expansion is already being felt in several areas of the State, and is particularly evident in the above 1974 tabulation of the use tax collections, which shows a substantial 41.8% increase over 1973 in tax collected on purchases from out of state suppliers.

CIGARETTE TAX. This tax has been levied in Wyoming since 1951. The original tax was at 1½ mills per cigarette. In 1959 an amendment to the law increased the tax base to 2 mills per cigarette, or 4¢ per package of 20. In 1967 an amendment was passed to increase the tax to 4 mills per cigarette, or 8¢ per pack.

The tax is originally paid by cigarette wholesalers through their purchases of special tax stamps, or by settings of serialized impressions made by suitable metering machines. The wholesalers then pass the tax on to the consumer by including his cost in the purchase price of cigarettes. To defray their administrative expense, these wholesalers are allowed a 6% discount on the value of the stamps or meter impressions.

Each wholesaler must pay an annual license fee of \$10.00.

Cigarette Tax Revenue by Fiscal Year:	
1968 Tax Revenue	\$ 3,122,706.43
1969 Tax Revenue	3,198,263.21
1970 Tax Revenue	3,166,079.07
1971 Tax Revenue	3,292,303.11
1972 Tax Revenue	3,541,709.89
1973 Tax Revenue	3,650,016.87
1974 Tax Revenue	4,002,629.12

MINERAL SEVERANCE TAX. This tax is levied upon the privilege of extracting any gold, silver or other precious metals, soda, saline, coal, trona, uranium, bentonite, petroleum or other crude material, oil or natural gas, or other valuable deposit. The net severance tax paid to the State of Wyoming is 1% of the value of the gross product extracted as computed for Ad Valorem taxes.

Every person, partnership, corporation, company, firm or association of whatever nature, extracting any of the products shall report to the Board of Equalization the gross production. The State Board of Equalization computes the value of the gross production, and certifies this value to The Department of Revenue and Taxation. The Department then sends a notice of tax due to the taxpayer.

The first assessment of severance tax was based on the 1969 production, but was collected in 1970.

Mineral Severance Tax Revenues by
Fiscal Year:

1970 Tax Revenue	\$ 4,137,484.50
1971 Tax Revenue	4,680,071.59
1972 Tax Revenue	5,075,393.72
1973 Tax Revenue	5,172,844.22
1974 Tax Revenue	5,086,305.38

INHERITANCE TAX. Inheritance tax is one of Wyoming's oldest taxes, having been in effect since 1903. It is an excise or privilege tax imposed by the State on the right to transfer property within its jurisdiction from the dead to the living. The amount of tax is based on the relationship of each legatee to the decedent and the value of the property he receives.

On transfers to wife, husband, child, parent, brother or sister, adopted child or adopted parent, there is an exemption of \$10,000 with the balance over the exemption taxed at the rate of 2%. On transfers to grandparent, grandchild, half brother or half sister, there is an exemption of \$5,000 with the balance over the exemption taxed at the rate of 4%. All other taxable transfers carry no exemption and are taxed at 6%.

An additional (estate) tax is imposed on resident and non-resident estates to absorb the maximum credit allowed against the Federal Estate Tax. This is computed by multiplying the maximum Federal Credit allowed on the estate by the percentage that the decedent's property within Wyoming's jurisdiction bears to his entire estate. In this computation Wyoming takes the inheritance tax by statute, or Wyoming's portion of Federal Credit, whichever of the two is the greater.

All inheritance taxes and estate taxes by Federal Credit are due and payable 10 months from the date of death. Taxes paid within 10 months earn a 5% discount for timely payment. An 8% interest charge is assessed on all inheritance taxes paid after the 10 month period.

It is the duty of The Department of Revenue and Taxation to supervise the administration of the Inheritance Tax laws and to investigate particular estates to which the law applies. It is the responsibility of the Department to see that estates are correctly appraised, and that the tax is uniformly, consistently and equitably determined.

Inheritance Tax Revenue by Fiscal Year:

1968 Tax Revenue	\$	642,586.10
1969 Tax Revenue		730,112.43
1970 Tax Revenue		631,758.72
1971 Tax Revenue		975,142.63
1972 Tax Revenue		1,046,802.13
1973 Tax Revenue		984,297.60
1974 Tax Revenue		1,102,148.68

COMPENSATORY FEES. Wyoming Statutes provide many options for the payment of compensatory fees. A summary of these options is as follows:

Each vehicle is judged on the legal unladen weight, not exceeding 29,580 pounds, or 40% of the legal gross weight, whichever is greater. This factor determines the tax weight.

Those vehicles weighing less than 16,000 pounds have the option to pay on a monthly mileage basis at the rate of 2½¢ per mile travelled in the State of Wyoming. This is reported to the State of Wyoming on a monthly basis, and includes the vehicles operated on gasoline or on special fuel.

If the operator's vehicle weighs less than 16,000 pounds and he does not choose to pay the tax on a mileage basis, he has the option to pay an annual flat rate fee in advance. This eliminates the necessity for rendering monthly reports for his vehicle in his weight category. The following is the fee table:

Gasoline Units:

4,000 pounds or less	@ 50¢	per month
4,001 through 5,999	@ \$1.00	per month
6,000 - 7,999	@ \$2.00	per month
8,000 - 9,999	@ \$3.00	per month
10,000 - 11,999	@ \$4.00	per month
12,000 - 13,999	@ \$5.50	per month
14,000 - 15,999	@ \$7.00	per month

Those vehicles utilizing special fuels such as diesel and/or LPG are taxed as follows:

4,000 pounds or less	@ \$1.00	per month
4,001 through 5,999	@ \$2.50	per month
6,000 - 7,999	@ \$4.00	per month
8,000 - 9,999	@ \$5.50	per month
10,000 - 11,999	@ \$7.50	per month
12,000 - 13,999	@ \$9.00	per month
14,000 - 15,999	@ \$12.00	per month

The compensatory fee for passenger service motor vehicles or legal combinations of motor vehicles powered with engines using gasoline for fuel, weighing 16,000 pounds or more is declared and paid on a monthly basis, at a rate of 1 7/10¢ per mile travelled on Wyoming highways. The compensatory fee for passenger service motor vehicles or legal combinations of motor vehicles powered with engines using other than gasoline for fuel is at a rate of 2½¢ per mile travelled on Wyoming highways.

Vehicles exceeding the 16,000 pound tax weight, including legal combinations of vehicles using gasoline for fuel, are required to pay the compensatory fee at a rate of 1½ mills per ton mile.

Vehicles exceeding the 16,000 pound tax weight, including legal combinations of vehicles using special fuel, such as diesel or LPG, are required to pay the compensatory fee at 1½ mills per ton mile travelled on the Wyoming highways and an additional fee for special fuels of 1 mill per ton mile travelled on Wyoming highways.

Compensatory Fees Including Flat Rate Fees by Fiscal Year:	
1968 Tax Revenue	\$ 6,914,721.82
1969 Tax Revenue	7,522,983.98
1970 Tax Revenue	8,113,178.82
1971 Tax Revenue	8,455,255.48
1972 Tax Revenue	9,478,378.50
1973 Tax Revenue	11,105,390.62
1974 Tax Revenue	11,885,564.67

The statute contains a penalty to be assessed the operator for failure to report mileage on the monthly compensatory fee report. The penalty is twice the amount due for the discrepancy (short mileage) with a minimum of \$5.00. This reconciling figure is established through internal audit of the monthly reports, or a field audit at the operator's home office. The first assessment and collection of penalties occurred in October of 1969.

Penalties for Non Reported Mileage -
Compensatory Fees by Fiscal Year:

1970 Tax Revenue	\$	83,437.34
1971 Tax Revenue		89,396.17
1972 Tax Revenue		81,313.30
1973 Tax Revenue		87,750.19
1974 Tax Revenue		94,339.56

The Department, through its revenue stations and field representatives, sells the single trip permits for towing of a motor vehicle upon Wyoming highways. The overweight and oversize permits for vehicles to utilize Wyoming highways are also sold at the revenue stations and by field representatives.

Tow Bar and Special Permit Fees by
Fiscal Year:

1968 Tax Revenue	\$	472,894.24
1969 Tax Revenue		541,466.43
1970 Tax Revenue		576,396.63
1971 Tax Revenue		578,888.76
1972 Tax Revenue		519,033.47
1973 Tax Revenue		474,600.88
1974 Tax Revenue		454,988.62

It should be noted that effective in 1971 the statutes authorized change in methods in applying for overweight and oversize permits. A revision authorized a permit good for up to one year. This type of permit, after approval of the Highway Department, can be prepared by the individual operator prior to the movement to be made upon forms furnished by the Highway Department and over specified highways. However, he is subject to audit of the individual load upon demand by the State Highway Patrol. The fee is remitted directly to the Wyoming Highway Department. This self-written permit, therefore, reduces the amount of fees collected through the revenue stations.

GASOLINE TAX. The gasoline tax is a license tax of 7¢ per gallon on all gasoline used, sold or distributed for sale or use within the State of Wyoming, which can be used for operating or propelling motor vehicles. The tax is paid by the wholesaler, that is, any person, firm or corporation who imports, or receives, from any source, gasoline for distribution for resale or use within this State.

The 7¢ gasoline tax is divided into four segments as follows: 4¢ of the tax is distributed by statutory formula to the State Highway Fund and to the cities, towns and counties of the State. This distribution is made quarterly by the State Treasurer's Office and is designated for maintenance of the local jurisdiction roads.

One cent (1¢) of the gasoline tax is for county farm to market roads, and is distributed per statutory formula to the cities, towns and counties.

One cent (1¢) of the tax is provided for the construction or reconstruction of primary, secondary and forest roads within the State.

One cent (1¢) of the tax is distributed to the incorporated city, town or county, based upon the actual gallonage of gasoline sold to or distributed by the retailers located in each jurisdiction. This distribution is made by The Department of Revenue and Taxation on a monthly basis.

The Department is authorized to withhold administrative expenses out of the 4¢ gasoline tax and the 1¢ municipal and county tax.

The Department is also required to advise the State Treasurer of estimates of amounts to retain in the fund so that he may in turn provide a balance from the 4¢ and 1¢ municipal and county tax to refund to the purchaser and user of gasoline for agricultural purposes, when said gasoline has been purchased from any Wyoming wholesaler or dealer.

The following figures on gasoline revenue include collections in all categories. A listing of aviation gasoline revenues which are included in the gasoline revenue figures, is provided in the section following:

Gasoline Tax Revenues by Fiscal Year:	
1968 Tax Revenue	\$ 12,804,367.88
1969 Tax Revenue	13,760,048.33
1970 Tax Revenue	16,369,612.55
1971 Tax Revenue	17,885,742.55
1972 Tax Revenue	18,207,772.19
1973 Tax Revenue	20,107,713.87
1974 Tax Revenue	20,392,725.48

AVIATION GAS. The gasoline produced, manufactured, blended or compounded, which can be used for operating or propelling aircraft is taxed in the same manner as the 4¢ tax on motor vehicle gasoline. All taxes received from gasoline used for aircraft at any municipal or

county airfield shall be paid to the city, county or town where such airfield is located and is designated for maintenance of such airfield.

The Department and the State Treasurer are authorized to refund to the purchaser or user of gasoline for use in aircraft at any airport in the State upon which the State gasoline tax of 4¢ per gallon has been paid, 2¢ per gallon on purchases in excess of 10,000 per month.

The State Treasurer and the Department are authorized to deduct the prorata share of the cost of collecting the aviation gasoline tax prior to distribution to the local jurisdictions.

Aviation Gasoline Tax Revenues by
Fiscal Year:

1968 Tax Revenue	\$	220,473.72
1969 Tax Revenue		248,198.75
1970 Tax Revenue		248,759.88
1971 Tax Revenue		221,937.74
1972 Tax Revenue		234,004.34
1973 Tax Revenue		261,128.09
1974 Tax Revenue		285,444.40

DISTRIBUTION OF TAXES

The Department of Revenue and Taxation is required by law to deposit tax receipts with the State Treasurer for distribution to designated funds.

The following narratives and tables show the disposition of collections previously reported by types of revenue with amounts allocated to the major State funds.

SALES TAX - GENERAL FUND:

Wyoming Statutes provide that, of the total sales tax collected in each county, 5/6 shall be credited to the General Fund, and 1/6 less expenses for administration shall be distributed to each incorporated municipality in proportion to its percentage of population to the total population of the county. The portion allocated to county governments is based on the percentage of the remaining population count that is not included in the census listed within the corporate limits of its cities and towns.

The sales tax license must be issued to a firm or individual doing business at a location within a county, in order for that county and its incorporated cities and towns to participate in the distribution

of the sales tax collections. Sales tax collections made by licensed out-of-state vendors, would, therefore, be credited entirely to the General Fund, because their licenses have no county designation.

Sales Tax Credited to General Fund by Fiscal Year:	
1968 Tax Revenue	\$ 18,544,707.59
1969 Tax Revenue	21,458,856.38
1970 Tax Revenue	22,730,506.63
1971 Tax Revenue	24,562,775.37
1972 Tax Revenue	27,445,061.87
1973 Tax Revenue	31,836,625.39
1974 Tax Revenue	38,068,002.79

USE TAX:

Prior to March 4, 1974, all use tax collections were credited to the State General Fund. During the 1974 Session of the Legislature, Section 39-331 of the Wyoming Statutes was amended to provide Wyoming municipalities with revenue from use tax collections as well as from sales tax. Effective March 1, 1974, the use tax collections were included in the 1/6 distribution to municipalities in the same manner as provided for sales tax distribution using a percentage formula each month based on in-state use tax collections to arrive at the amounts to be allocated to each county from out-of-state use tax collections.

Use Tax Credited to General Fund by Fiscal Year:	
1968 Tax Revenue	\$ 3,221,327.41
1969 Tax Revenue	3,916,571.07
1970 Tax Revenue	3,885,084.33
1971 Tax Revenue	4,855,365.01
1972 Tax Revenue	4,946,362.02
1973 Tax Revenue	6,354,008.39
1974 Tax Revenue	8,532,822.50

CIGARETTE TAX:

The Department is authorized by statute to deduct 1¼% of the tax collected to defray the expenses of administration. 3/8 of the amount remaining after payment of the 1¼% administrative expense shall be paid into the General Fund of the State of Wyoming.

The remainder of the monies collected is distributed to the counties and incorporated cities and towns according to sales distribution reported by the wholesalers.

Cigarette Tax Credited to General Fund by Fiscal Year:

1968 Tax Revenue	\$ 1,155,539.56
1969 Tax Revenue	1,219,417.76
1970 Tax Revenue	1,177,285.69
1971 Tax Revenue	1,224,841.41
1972 Tax Revenue	1,326,271.99
1973 Tax Revenue	1,355,136.20
1974 Tax Revenue	1,509,450.50

INHERITANCE TAX:

All fees, taxes, interest and penalties upon inheritances, devises, legacies or bequests are credited to an account within the earmarked revenue fund of this State. Whenever the money in this fund exceeds \$10,000.00 then all money in excess of \$5,000.00 shall be transferred to the General Fund.

For the purpose of this report we are assuming that the \$5,000.00 balance required to be maintained in the earmarked fund has been retained since the inception of the act, and for this reason we are showing all receipts for the years listed below as total credit to the General Fund:

Inheritance Monies Deposited to General Fund:

1968 Revenue	\$ 642,586.10
1969 Revenue	730,112.43
1970 Revenue	631,758.72
1971 Revenue	975,142.63
1972 Revenue	1,046,802.13
1973 Revenue	984,297.60
1974 Revenue	1,102,148.68

MINERAL SEVERANCE TAX:

All monies received and collected are deposited with the State Treasurer and credited to the Mineral Severance Tax Fund, provided that all monies in said fund shall be transferred to the General Fund, except for the purpose of refunding any erroneously paid taxes. There shall be retained in the Mineral Severance Tax Fund the sum of \$5,000.00 together with the amount of tax on any protest of value for mineral severance tax before the State Board of Equalization.

This report reflects the net amount transferred each fiscal year into the State General Fund from this source of revenue:

Mineral Severance Tax, Penalties and Interest to the General Fund by Fiscal Year:	
1970 Tax Revenue	\$ 4,137,484.50
1971 Tax Revenue	4,680,017.59
1972 Tax Revenue	4,960,644.72
1973 Tax Revenue	5,068,433.76
1974 Tax Revenue	5,027,218.00

SALES AND USE TAX DIVISION

Sales and Use Tax Statistical Report:

The following report contains the amounts collected by the agency for the selective sales tax and the use tax, and the total. This report is prepared and the taxes so indicated by classification of establishments by type of activity in which they are engaged.

The report is formatted in a manner as established by the Executive Office of the President, Office of Management and Budget, prescribed in the Standard Industrial Classification Manual.

Each application for a sales tax license is classified according to its primary activity, which is determined by its principal product or group of products produced, or distributed, or services rendered. The primary activities are broken down into major economic sectors, and these are assigned a division number. The following are the major divisions contained in the report:

<u>DIVISION</u>	<u>TITLE</u>	<u>REMARKS</u>
A	Agriculture, Forestry and Fishing, Hunting and Trapping	This division includes establishments primarily engaged in agricultural production, forestry, commercial fishing, hunting and trapping, and related services.
B	Mining	This division includes all establishments primarily engaged in mining. Mining is here used in the broad sense to include the extraction of minerals occurring naturally: solids, such as coal and ores; liquids such as crude petroleum; and gases such as natural gas.
C	Construction	This division includes establishments (or kind-of-activity units) primarily engaged in construction. The term "construction" includes new work, additions, alterations and repairs.
D	Manufacturing	The manufacturing division includes establishments engaged in the mechanical or chemical transformation of materials or substances into new products.

DIVISION

TITLE

REMARKS

E Transportation, Communications, Electric,
Gas and Sanitary Services

This division includes establishments providing to the general public or to other business enterprises, passenger and freight transportation communications service, electricity, gas, steam, water or sanitary services.

F Wholesale Trade and Retail Trade

This division includes establishments or places of business primarily engaged in selling merchandise to retailers; to industrial, commercial, farm or professional business users; or to other wholesalers; or acting as agents or brokers in buying merchandise for or selling merchandise to such persons or companies.

G Finance, Insurance and Real Estate

This division includes establishments engaged in selling merchandise for personal or household consumption, and rendering services incidental to the sale of goods.

This division includes establishments operating primarily in the fields of finance, insurance and real estate. Finance includes banks and trust companies, credit agencies other than banks, holding companies, other investment companies, brokers and dealers in securities and commodity contracts, and security and commodity exchanges. Insurance covers all carriers of all types of insurance, and insurance agents and brokers. Real estate includes owners, lessors, lessees, buyers, sellers, agents and developers of real estate. Establishments primarily engaged in the construction of buildings for sale are classified under Division C.

H Services

This division includes establishments primarily engaged in providing a wide variety of services for individuals, businesses and government establishments and other organizations. Hotels and other lodging places; establishments providing personal, business repair,

DIVISION

TITLE

REMARKS

and amusement services; health, legal, engineering and other professional services; educational institutions; membership organizations; and other miscellaneous services, are included.

Establishments which provide specialized services closely allied to agriculture, mining, transportation, etc., are classified in their respective divisions.

I Public Administration

This division includes the legislative, judicial, administrative and regulatory activities of Federal, State, and local and international governments.

It should be noted that the sales and use tax paid for vehicles is identified in this division under the sub-title Local Government - County Treasurers.

This report is based on the collections by the agency for fiscal year ending June 1974. (July 1, 1973 through June 30, 1974).

In addition to this coding by business classification, the Department is planning to code each license by specific location so that business activity can be measured for any area that might request information on total sales for a particular section of the State.
